

Bookmark Facts Sheet

This is a fun, quick and easy project for you to sew

1. Cut out two rectangles of Fabric from the pattern (position the pattern, to make the most of the fabric print you have chosen).
2. Pin rectangles together with right side of the fabric together
3. Stitch around the rectangle leaving a hole at the bottom(don't forget to reverse at the start and the end
4. Carefully cut off fabric on corners (don't cut stitching)
5. Turn book mark through, and give a press (ask Mum for help).
6. Top stitch around the Bookmark to close the hole.

Enjoy sewing lots of these for your friends and Family

Variation: have fun choosing different Fabrics and you could try decorating a Plain Fabric with decorative stitches on a Plain Fabric
(When trying this decorate the fabric First).
